	<b>Edge security baselines</b> Enterprise-ready preconfigured settings	✓	✓	✓

For more information, please read the [Microsoft Edge for Business security whitepaper](#).

Note: Some listed features are available for individual purchase outside of Microsoft 365 subscriptions;

1: Inline prompt protections for unmanaged cloud apps requires PAYG billing; 2: Not included—can purchase a separate Azure AD Premium P1 or P2 license; 3: Available for users signed-in with an Entra account and an eligible Microsoft 365 license.

All features available in E5 are available in E7 licensing
